

Fixed Reproducible Tangible Wealth in the United States

- Fixed Nonresidential Private and Residential Capital, 1977-81
- Government-Owned Fixed Capital, 1973-81
- Durable Goods Owned by Consumers, 1977-81

The estimates of fixed reproducible tangible wealth in the United States shown in tables 1-19 incorporate the revised national income and product account (NIPA) estimates that appeared in the July 1982 *SURVEY OF CURRENT BUSINESS*. The NIPA series incorporated into the wealth estimates were revised back to 1977 except for purchases of equipment by State and local governments, which were revised back to 1973. Fixed nonresidential private and residential capital for 1977-81 is shown in tables 1-8; government-owned fixed capital for 1973-81 is shown in tables 9-15; and durable goods owned by consumers for 1977-81 is shown in tables 16-19.

Earlier estimates for the wealth series are unrevised and appear in the following issues of the *SURVEY*: fixed nonresidential private and residential capital for 1925-76, February 1981; government-owned fixed capital for 1925-58, March 1980, and for 1959-72, February 1981; and durable goods owned by consumers for 1925-63, March 1979, and for 1964-76, April 1981. Summary statements of methodology appeared in the following issues of the *SURVEY*: fixed nonresidential private and residential capital, April

1978; government-owned fixed capital, March 1980; and durable goods owned by consumers, March 1979.

More detailed wealth estimates for 1925-79, together with the investment series used to derive them and a detailed statement of methodology, appear in U.S. Department of Commerce, Bureau of Economic Analysis, *Fixed Reproducible Tangible Wealth in the United States, 1925-79* (Washington, D.C.: U.S. GPO, March 1982). This publication is available from the Superintendent of Documents, U.S. GPO, Washington, D.C. 20402 (Stock number 003-010-00102-0, price \$13.00). More detailed estimates for the series in tables 1-19 of this article are available for sale from BEA.

The detailed wealth estimates and the investment series used to derive them also are available on computer tape.
